

Event: LED Yard Light Change-Out

Chief Judge: David Upchurch

Event Time: 5:00

Drop Dead Time: 7:00

Event Summary:

This is a de-energized event. The apprentice will replace a rental light on a 40' pole. Secondary connection will be disconnected and reconnected with split bolt connectors.

An eyebolt will be installed at the top of the pole for hanging the handline and grunt bag to assist with removal and installation of the light.

Event Rules:

- 1. Apprentice will have 5 minutes to look over the event site, ask questions and load his grunt bag. (Apprentice may rewire the new light head)**
- 2. Apprentice will ascend pole with handline, crossing a communications cable that is attached at 16', pull up grunt bag on hand-line, hang on pole and change out light.**
- 3. Light will have to be disconnected from the secondary feed.**
- 4. Photo control will need to be removed from the damaged head.**
- 5. Remove old head and install new head.**
- 6. Reinstall existing photo control to the new head installation.**
- 7. Secondary is to be reconnected to light.**
- 8. The time will stop when the light head has been changed, reconnected, and the climber has both feet on the ground**
- 9. General rules apply.**

Equipment Provided

- 1 – Handline**
- 1 – Grunt Bag**
